

Joyce McTaggart

Joined 2011

Joyce was born in Brandon but grew up on a farm and received her education in Wawanesa. She met her husband Neil and together they resided on the family farm in Glenboro.

Heather and Darren were born in Glenboro and in 1972 the family moved to Brandon. She worked in the Brandon Clinic and for the last twenty- four years has worked as a Cardiology Technologist at the BRHC.

Now semi retired she enjoys activities like music, gardening, participating with The Order of the Eastern Star in two Chapters and now doing support work for the Waves of Hope is so inspiring. The comradeship and good feeling from exercising, fresh air and paddling are an awesome feeling.

“Kindred Spirit”, may we pass that wonderful feeling on wherever we “Waves of Hope” journey in our daily lives or as “Waves of Hope”, to all who could use our help. Paddles Up!!!
